DETAILED ACTION

Election/Restrictions

1. Claim 12 is generic to a plurality of disclosed patentably distinct species comprising:

a) Species (I) directs to three set of series of bores and a camera disposed inside a body in alignment with a set of series bores. This species is readable in claims 1-11 and 20-21; and

b) Species (II) directs to two sets of series of bores, a beam splitter located in one of the light path and a camera disposed out side a body. This species is readable in claims 18-19.

It is noted that claims 13-17 and 22-23 are not involved into the structure used to make the restriction on the basis of species as mentioned above, thus these claims 13-17 and 22-23 will be examined with the generic claim 1 and the claims of the elected species.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Art Unit: 2872

2. A telephone call was made to Paul K. Piontkowski on 9/22/2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thong Q Nguyen whose telephone number is (571) 272-2316. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Drew A Dunn can be reached on (571) 272-2312. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
